QUINCY, Mass., Nov. 10.--The battleship North Dakota, the first American war vessel of the Dreadnaught class, was launched at the yards of the Fore River Shipbuilding Com-

pany at Quincy Point today. The battleship will have a displacement of 20,000 tons, 2,000 in excess of the original British Dreadnaught, and a speed of more than 21 knots.

Including officers, the crew will number more than 900. It is estimated that when formally taken over by the Government the North Dakota will have cost \$7,000,000. To Captain Charles J. Badger, U. S. N., recently superintendent of the naval academy at Annapolis, will go the honor of being the first commanding officer of the premier Dreadnaught of the United States Navy.

## RECTOR SAID TO HAVE VOUCHERED FOR WIDOW'S BILL AT THE HOSPITAL

### CARMACK'S SLAYING SHOCKS SOUTH

Fear Further Tragedies as Result of the Fatal Shooting.

Wife of the Dead Ex-Senator Swears to Warrant Against Father of Youth Who Killed Husband.

NASHVILLE, Tenn., Nov. 10.—Colonel Duncan E. Cooper, who was with his son, Robt. Cooper, when the latter killed Senator Carmack, was brought before a Squire Levine today. Cooper was charged with murder and carrying concealed weapons. He waived examination and was remanded to jail without bond. Warrants were also issued today for Robin Cooper, who killed Carmack, charging him with murder and carrying concealed weapons. He is still at the hospital.

NASHVILLE, Tenn., Nov. 10.—Messages by wire and mail from various sections testify to the tremendous sensation caused throughout the State and the South by the killing of former United States Senator E. W. Carmack by young Robin Jones Cooper in a street duel here late yesterday afternoon. Carmack's brilliant career as a United States Senator from Tennessee had made him one of the best known of national figures. Colonel Duncan E. Cooper, father of young Robin Cooper, and who was with his son when the duel occurred, has an extensive acquaintance and a legion of friends both in his own and various other States.

**Fear More Trouble**  
Carmack's race for the nomination as Democratic Senator, in which he was defeated by Senator Robert I. Taylor, and his more recent race for the Governorship, in which he was defeated by Governor Patterson, have served to draw his following in the State closer to him, and his tragic end has spread distress and bitterness among them. It is feared by some that the end of the trouble is not yet, and it is sure to play a prominent part in coming political alignments. In each of Carmack's recent campaigns, feeling ran to fever heat and on both occasions Cooper was with the opposition.

**Former Friends**  
In former years the men were dear friends, Carmack having declared in public print that Cooper was his benefactor. But friendship had been replaced by enmity, which was more

### Oil Well Fire Consumes 14,000,000 Gallons Daily

MEXICO CITY, Nov. 10.—Fourteen million gallons a day. Millions of dollars have been lost as a result of the fire, two men have been suffocated by the gases and fifty soldiers used in fighting the fire are in the hospital as a result of poisonous gases.

Scene of banquet given by Professor J. A. Bora at which among other guests were the Rev. Payson Young and the Rev. Joseph Vincent. The Mr. Young appears on the left of the picture. He did not object to the brimming wine glasses; nor did he protest, with what might have been the natural indignation of a devout clergyman, against the Crucifix which adorned a table where wine flowed like water.

### RICHARD W. GORRILL DIES SUDDENLY IN NEVADA

Richard W. Gorrell, for many years a prominent citizen of Oakland, and head of one of the best known families of this part of the State, died last night in Reno, Nevada, where he was a few weeks ago in search of health. A few months ago he went to Southern California in the hope that the change of climate would prove beneficial. The same purpose prompted the trip to Nevada, and for a while it seemed the Nevada climate was proving helpful. A message of Sunday stated a general improvement and then a wire a few hours later told of a sudden relapse and death. Mr. Gorrell was 60 years of age and was a native of Ohio. He came west thirty

### Sacramentan Drops Dead at His Table

SACRAMENTO, Nov. 10.—Michael Cronan, a wholesale liquor merchant and one of the wealthiest citizens of Sacramento, dropped dead this morning at his residence while sitting at the breakfast table. Apoplexy is assumed as the cause of death. He had been in ill-health for four or five years. Deceased was a native of Ireland, aged 62 years of age.

### Negro Taken From Jail and Hanged to Tree by a Mob

BILLOXI, Miss., Nov. 10.—A mob of white men stormed the city jail here this afternoon, took out Henry Lott, a negro charged with assault upon a white girl, and lynched him. The mob was orderly and finally disposed, leaving the body hanging to a tree. The crime for which the negro was hanged was committed today upon Elizabeth Hauser, 17 years of age, at West End near Biloxi, where several murders and criminal assaults have recently been charged to negroes. The negro beat the girl into insensibility and left her for dead. She partially recovered consciousness and was found several hours later.

### Furious Advance In Price of Wheat

NEW YORK, Nov. 10.—Excited over reports that Europe had bought upward of 200,000 bushels, or about 1,000,000 bushels of wheat today, speculators who sold short engaged in a furious covering movement that advanced prices fully 2 cents a bushel, making new high records for the season. The public was also a heavy buyer of wheat, especially in the last hour.

### WAS TO PAY HOSPITAL BILL FOR WIDOW

Unsettled Account for Treatment of Woman Stands Against the Rev. Payson Young.

Rev. Payson Young has been known for many years in Oakland; in fact, this is the city of his birth. He has many warm friends and many defenders as well as many critics. Among his friends he is considered a generous, pleasant companion and one interested in his clerical work. And there are very many who consider that his conduct is decidedly unbecoming to that of a clergyman and a detriment to the

### THREATENED WITH HEART FAILURE

Physician Signs Order Keeping Visitors From Rector.

Minister, Whose Name Is Connected With Edna Clark Case, Confined to His Apartments.

SAN FRANCISCO, Nov. 10.—Professor Julius A. Bora this afternoon went before the Grand Jury to give testimony regarding the Rev. Payson Young, rector of the church of St. Mary the Virgin. He demands that the rector be punished for the statements he has made involving the name of the Rev. Joseph Vincent in the disappearance of Edna Clark.

The Rev. Payson Young, whose name is prominently connected with that of the missing Edna Clark, is confined to his apartments, 624 Sixteenth street, suffering from acute heart trouble. His physician, Dr. George T. Pomeroy, has ordered that he see no one or transact business.

Dr. Pomeroy, who has been attending the Rev. Young for the past year, says that he has suffered from dilated heart and owing to the recent excitement which he has undergone, is again threatened with acute dilation of that organ. Dr. Pomeroy says his physical condition is extremely poor.

Dr. Pomeroy left a signed statement with the Rev. Young's landlady, Mrs. David Muir, in which he stated that owing to the rector's physical condition he could not see company or transact business.

### INVESTIGATION IS PROMISED

THE prospect of an immediate investigation by Bishop William Ford Nichols of the charges preferred against the Rev. Payson Young held the center of interest in the remarkable Edna Clark case today. The Bishop is to name five well known men of his diocese to consider all the sensational features that involve the name of the rector

**WEATHER FORECAST.**  
SAN FRANCISCO, Nov. 10.—Cloudy tonight; probably rain Wednesday; fresh north wind.

## STOMACH MISERY WILL VANISH PROMPTLY

All Distress From an Upset  
Stomach and Indigestion Is  
Quickly Relieved.

When your stomach is weak or lacking in gastric juice, anything that you eat, no difference what it is, will sour on your stomach, raise the bile and acids to cover your food like oil on water, causing indigestion, dyspepsia, stomach nervousness and belching of sour poisons, which produce foul odors, nasty taste, bilious headache, heartburn, intestinal griping and make you an object of misery. This is stomach trouble which can not be overcome by ordinary digestive medicines. It is caused by fermentation of your food, which will be remedied at once by **Pape's Digestin**, a preparation pleasant to take and as harmless as candy, though it will digest and prepare for assimilation into the blood all the food you eat.

Indigestion is a result, not a cause of your trouble. If the stomach is sour and unhealthy, your food becomes tainted, and that's what is causing the indigestion and gas on stomach and other troubles. **Pape's Digestin** is an Antacid, most powerful digestive and thorough regulator for weak stomachs. These Triangles will digest any kind of food you eat and will cleanse the stomach and intestines in a natural way, which makes you feel fine five minutes afterwards.

Any good Pharmacy here will supply you with a case of **Pape's Digestin** for fifty cents. Just reading about this remarkable stomach preparation will not help. You should go now and get a case. Put your stomach in full health and by tomorrow you will forget the misery of stomach trouble. Your case is no different from many others. It isn't Stomach, Nerves or Catarrh of the Stomach, or Gastritis, or Dyspepsia. It is Food rotting—Food fermentation—that's all—and taken about five minutes to overcome.

## UNHAPPY LIVES ARE SEVERED IN COURT

Wife Tells of Eking Out Miserable Existence on \$3.00 Per Month.

Mrs. Alta Hart, of 509 Fifty-fifth street, testified in her divorce case against David R. Hart, that, although he earned \$5 a day, he compelled her to live in a scantily furnished room over a livery stable and gave her \$3 a month for her support. Judge Ellisworth gave her an interlocutory decree this morning.

When the couple lived at Wichita, Kansas, testified Mrs. Hart, she threw a fascinator over Hart's head, making him angry. He said he would cut it off. When he slashed the shawl, Mrs. Hart said she became so provoked that she threw a dish of macaroni across the floor.

After moving to Oakland, Mrs. Hart said she was treated cruelly and was never supplied with enough money to support the household. She complained that she frequently went out and worked for other families in order to get enough money to keep herself in clothes. Mrs. Hart declared that her spouse spent much of his money in mining speculations and gave that as a reason for not supporting her.

The couple were married in Oklahoma in May, 1906.

Judge Harris issued a final decree of divorce this morning to Lula Ghilleri from George Ghilleri.

**JUDGE ORDERS VERDICT AGAINST RAILROAD**

FRENO, Nov. 10.—At today's session of the Federal court Judge Wellborn instructed a jury to find the Southern Pacific Railroad guilty of violating the safety appliance law. Six counts were included in the charge, four charging that broken couplings had been found on freight cars in this city and Bakersfield and another that a switch engine coupling was lacking at Mojave. Attorney Cory had evidence to show that the railroad had taken immediate steps to repair the defects, but after rulings by the court he announced that the company would introduce no defense. The penalty in each count is \$100.

## GERMANY AND FRANCE AGREE

SETTLE THE CASA  
BLANCA INCIDENT

Embassador Cambon and  
Baron Von Wachtler Signed  
an Agreement Today--All  
Unrest Is Settled.

PARIS, Nov. 10.—The foreign office has been advised from Berlin that M. Cambon, the French Ambassador, and Baron Von Wachtler, the German acting secretary for foreign affairs, this afternoon signed an agreement in settlement of the Casa Blanca incident.

**TERMS OF AGREEMENT.**  
PARIS, Nov. 10.—The formula of settlement is now accepted consists of two declarations.  
The first is practically identical with the one submitted by Ambassador Cambon last week, and provides that after the exchange of expressions of mutual regret that the incident occurred, the entire question of law and facts shall be submitted to the arbitration of The Hague Tribunal; this, in view of the contradictions in the French and German reports of the incident. The second declaration is that, country whose agents are adjudged at fault shall apologize to the other.

## SHOW FREAK SKIPS WITH STOLEN OUTFIT

"Australian Wild Girl" Robs  
Former Employers and Flees  
to New Fields.

Lee Osborn, a young man who has made a livelihood by posing as the "Australian Wild Girl," and toying with snakes in a canvas pit in various theaters, has disappeared, taking with him, according to the report of S. A. Woods of the Gem Theater, property valued at \$100.

It is presumed that Osborn is to start out in business for himself and may be joined in his enterprise by a man who is said to be an aeronaut. This opinion is formed through the report that Osborn, having a pile of glass from the theater, a large canvas tent, a canvas pit eight feet deep, two banners advertising him, about eighteen snakes of different kinds and sizes, fireworks and electric wiring, globes, wigs and all other articles which went to make up the "Wild Girl" show.

The report of Osborn's disappearance tends to throw considerable doubt on the truthfulness of the advertising concerning Osborn, he having been publicly proclaimed to be a wild woman from the Australian jungle.

M. Strauss, of 355 Twelfth street, reports that burglars attempted to force an entrance to his home last night by removing a pane of glass from the rear window. They were frightened away.

Mrs. F. M. Green, of 3750 Telegraph avenue, reports the loss of theft of a diamond and pearl brooch; H. J. O. Reed reports the theft of a watch, while J. Martin, of 31 Valley street, reports the theft of an overcoat valued at \$25.

## JOINT COMMITTEES CONSIDER STATE BANKING LAWS

Conference Opened Today at  
the Ferry Building--Prominent  
Men Present.

(Special to The Tribune.)  
SAN FRANCISCO, Nov. 10.—The joint legislative committee for the reform of the State banking laws, and a committee from the California Bankers Association, met this morning at the ferry building and continued the work of drafting a proposed banking act to be submitted to the legislature at the next session. Almost all of the committee were present, but the work is far from complete and nothing will be made public until the complete draft has been made. Another meeting has been ordered for tomorrow morning. The members of the reunion committee are as follows:

Joint legislative committee—Chairman, Senator F. W. Leavitt, Alameda; Senator J. B. Curtin, Assemblyman C. M. Fisher and C. P. Cutten.

Legislative committee of the California Bankers Association—Lovell White, San Francisco Savings Union; J. Y. Eadeson, Oakland Bank of Savings; Irving

## WILL FIGHT CONTEMPT CHARGE

ATTORNEY STEVENS  
APPEARS IN COURT

Matter Goes Over Until To-  
morrow in Order That De-  
fense May Submit Their  
Arguments.

(Special to The Tribune.)

SAN FRANCISCO, Nov. 10.—Attorney Martin Stevens, who yesterday refused to answer certain questions propounded to him in the grand jury rooms, and was cited for contempt of court, appeared in Superior Judge Sturtevant's court at 1 o'clock this afternoon. He was accompanied by his counsel, Assistant United States District Attorney A. F. Black. The latter stated that Stevens was a well-known attorney and has been practicing here for twenty years.

He had consulted with Blake and also with another man who later proved to be Attorney Murphy, but at no time had the consultation with either client been in the presence of the other. He said that Blake had in part given his consent to revealing what had taken place between them but the other man had not. Later Assistant District Attorney Cook read the transcript of testimony taken before the grand jury yesterday in order to prove facts in the case. Arguments were then taken up by both sides, and the matter went over until noon tomorrow to allow the defense to submit authorities in support of their contention.

## GRATEFUL PATIENTS

Hundreds and hundreds of letters received by the Great Fer-Don from all parts of the United States. Strong testimonials from happy people who have been cured by the system of Bloodless Surgery known only and practiced exclusively by Fer-Don's European Medical Experts.

Among the hundreds of letters that are received by the Great Fer-Don now give him greater pleasure or satisfaction than those from the many sufferers in many different states who are writing to express their gratitude at the wonderful improvement in their respective cases since they began treating with Fer-Don's Medical Experts. Many of these epistles are from people who at first doubted the ability of the Bloodless Surgery to cure them. Sick and disgusted with life, having spent their all in vain attempts to obtain relief from their ailments, they at last came to the Great Fer-Don and now are happy in the possession of restored health. The big crowds that were going into the offices of these eminent experts at 1685 Broadway this morning stopped in to see the Great Fer-Don, and took occasion to ask him a few questions. While waiting to interview the unique character the characters were busy healing the sick and crippled. Some were brought in on crutches, some were carried on chairs and even some could not be taken from their cots and all were brought up the stairs, and all, passing in and out continually, and it was a pleasure to see the bright and happy faces of the many who had been benefited. The reporter turned and asked Fer-Don if the cures were permanent.

"In most cases," he replied.  
"I have hundreds of people that call at the office to thank me and my doctors for what my remedies and doctors have done for them, and talk about letters," said Fer-Don, and he turned to his desk and exhibited a basket full of mail. "There is in my mail I receive daily from all over the world, as my physicians treat as many people at a distance as they do here at Oakland. You see our reputation has spread throughout the State of California, and, in fact, all over the world."

"You see," said Fer-Don, "we have testimonials by the hundreds from prominent and reliable Oakland people, and if any doubters, scoffers and skeptics disbelieve me, I want them to inquire of some of the people whose names and addresses are given. They might hear something that would cause a change in their sentiment."

"Here is a letter that just came from a lady in San Jose. She had been bothered with gall stones and severe liver trouble. All other doctors pronounced her incurable unless an operation was performed, but Mrs. Flak would not submit herself to the knife. She consulted the European Medical Experts and Bloodless Surgeons, and after just three doses of a peculiar medicine a great many gall stones were removed by the bloodless

## DINED WITH OTHERS, HE SAYS

DR. MINER TELLS HIS  
SENSATIONAL STORY

Declares Spouse Was Gay and  
Liked Different Men's So-  
ciety--On Witness Stand  
All Day.

SANTA CRUZ, Nov. 10.—After many preliminaries, Dr. Henry Nelson Miner's sensational suit for divorce against his wife in Berkeley was commenced yesterday before Judge T. F. Smith, the doctor himself occupying the entire day on the witness stand. He stated that his wife had, without his consent, frequented Tatts and Zinkland's and other like places with men. She had dinner with Professor William Dillman Ames at the Bohemian Club in San Francisco at its high jinks and because of such actions he was kept at home, where he was housekeeper and dishwasher.

On June 20, 1905, he left Berkeley for Ben Lomond, where his wife remained two months, and only then made frequent excursions. At his request, on August 28, 1906, she went to Berkeley to collect rents, but remained away two months.

At his suggestion, he said, she went East on February 11, 1907, as she was not happy, and he thought possibly she would be reconciled to her home and babies on her return. He gave her \$800 and she was gone nine months. He sent for her when he was ill. On November 15, 1907, he saw her at Campbell's at the bedside of her sick mother and he begged her to return, but she refused, saying she did not love him any longer and that she was sick and tired of him.

**CASE POSTPONED.**  
When the case came up this morning further proceedings were postponed until tomorrow, when it was intimated by the attorneys for Dr. Miner, that a sensation would be sprung. Just what is the nature of the disclosures that will be made was withheld, but it was stated that they would be particularly startling. The interest in the case is intense and the courtroom was crowded this morning with both men and women, the latter in the majority.

It is thought that the sensational disclosures tomorrow morning will be in the testimony of the complaining husband, when he continues to tell of his wife's alleged gaiety. Further stories of Bohemian suppers and unconventional pleasures are said to have thus far been held in reserve, stories that were not even hinted at in the complaint.

## VOICES OF DEAD PERSONS ARE PRESERVED

Coroner Uses Phonograph in  
Keeping Death Statements  
of Murder Victims.

CHICAGO, Nov. 10.—That gruesome figure of speech "listening to a voice from the grave," has become a startling reality.

Any unbeliever to verify this statement has only to visit the office of Coroner Hoffman some time in the near future and hear the voices of murderers, making their last denials or detailed confessions, after they have paid the penalty for their misdeeds.

These voices of the dead are to become a portion of the county records. They will take their place among the dusty files of the coroner's office, and when necessary may be used in court. The verbal statement of a man who is dead seldom finds its way into courts, except as repeated by another, but this is one of the promises of the new system.

The phonographs already have been used in one important murder case—that of Mrs. Fannie Thompson, who was strangled in a Michigan avenue rooming house.

The story of Luman C. Mann, accused of being the mysterious "Raymond" who rented the room in which the woman was murdered, has been transferred to one of the records, and may be heard among the other voices which the coroner is preserving in phonographs.

## RAILWAYS OWNED BY STATE PROVE COSTLY

Belgium and Switzerland Run  
Behind in Operating  
Their Roads.

BRUSSELS, Thursday, Oct. 29.—In Belgium, as in Switzerland, the exploitation of railroads by the state is proving rather an expensive experiment. The deficit on last year's workings was estimated at between \$500,000 and \$1,000,000, but it now appears that it will exceed \$2,000,000. The situation is so bad that the administration, which has already decided on raising the prices on the fortnightly and monthly passes so well known to tourists, is now considering the question of a big all-round increase in passenger and freight rates.

**POLITICAL ISSUE.**

BERNE, Switzerland, Thursday, Oct. 29.—The unfavorable results of the state ownership of railroads in Switzerland promises to be a leading issue in the coming electoral campaign. The Confederation has \$240,000,000 invested in railways, having issued that amount of interest-bearing bonds. Although the receipts for the state-operated roads have steadily increased from 1902 to 1907, the cost of operation has increased more rapidly still, and the coefficient of railroad operating expenses is now the largest in Europe. The deficit this year will be between \$1,000,000 and \$1,500,000. The nationalization of the roads, therefore, this year, costs the taxpayers the deficit for operation, in addition to the interest on the state capital invested.

## COUNTY TO ASK FOR NEW JUDGE

Delegation to Sacramento to  
Call Upon Legislature to  
Create Office.

The fact that a solid delegation from Alameda county will go to the Legislature to demand a sixth Superior Judge, developed at an executive session of the Board of Supervisors held yesterday for the purpose of discussing the creation of a detention home. The Supervisors concluded that if there was to be a new judge, there would have to be a new courtroom, and this would require an addition to the courthouse.

If such an improvement is to be made it would be convenient to make it, decided the Supervisors, at the same time the detention home is erected, and for this reason it was determined to delay action until it is learned what action the Legislature will take upon the judgeship application.

The claim for a sixth judge in this county will be based on the fact that the five courts are overcrowded with work. It also will be asserted that the judges of this county do one-third more work than is required of the judges of either Los Angeles or San Francisco counties, and statistics to prove this will be presented.

**TRUSTEES INTERESTED  
IN METHOD OF OILING**

SAN LEANDRO, Nov. 10.—Much interest is being shown by the town trustees in the oil crossings being put in on Davis street for Corbin & Eddings and G. Bailey. John Driver, who is doing the work, will probably be awarded the city crossings work at the next meeting of the Trustees. Driver's method of oiling is better than bituminum, it is claimed, as he is a president of the American Society of oil penetrating several inches into the ground is formed, which hardens and wears and has been found to be about one-third that of cement, and is superior as a crossing and sidewalk.

## S. P. and U. P. Stocks Jump Two Points

NEW YORK, Nov. 10.—A enormous buying of stocks of the Southern Pacific and Union Pacific roads excited the stock market today and pulled the general range of prices up two points or more, from a depression in which it had been forced by heavy profit taking sales.

Rumors of an intention to increase the dividend of the Southern Pacific to seven per cent tomorrow was circulated. There were also reports that Southern Pacific contemplated an issue

of \$100,000,000 in bonds to retire its seven per cent preferred stock. After Southern Pacific touched 110% the weight of the sales to realize sent prices downward again. A reaction of about a point in the active stocks resulted. The market steadied again before the closing and a more even tone resulted.

For the purpose of encouraging the investment in rich farmlands in the great San Joaquin Valley, where 10 or 20 acres means an independent income, and for the additional purpose of impressing upon the minds of one and all the wonderful fertility, productiveness and depth of the soil in our Homeland Irrigated Farms Tract, we have determined upon the following remarkable offer:

We are going to make this great tract a household word wherever this pamphlet is read, and in order to do this we have inaugurated an

#### Educational Word Contest

which will prove both interesting and valuable to you. The contest is to see how many words you can make out of the fourteen different letters in "Homeland Irrigated Farms." You can use a letter only once in a word, and you must confine yourself to the letters in "Homeland Irrigated Farms," using no others.

Note: The Homestead Development Co., which has already placed an abundance of water on this great tract, includes in its membership several of the gentlemen who to a successful conclusion the great irrigation system of the inland valley. Their wide experience is resulting in a magnificent irrigation system on the Homeland Farms Tract and this together with the wonderfully rich sediment soil, abundant, and prices that are 50 per cent lower than other lands of similar character are sold for, make it the most attractive proposition in the State. The first 2,000 acres will be sold for \$75 per acre, including a safe investment at \$150 per acre, and we believe will ultimately bring \$500. As an opportunity, both for the capitalist and the small farmer, this great tract has no equal in California.

## FRANKLIN STREET, FROM 7TH TO 14TH, WILL BE IMPROVED

City Awards Contract and the Work Is to Proceed at Once

Franklin street that notorious highway of bumps and rumps is soon to be made passable. In fact it is to be improved into one of the best streets of the city.

At a meeting of the Board of Works last evening a contract was awarded to the Ramsey Crumney Construction company for regrading granite curbing, raising black guttering and asphalt paving at the crossings this expense—one-half of the total—to be met by the city. Under stipulation the paving of the street proper from Seventh to Fourteenth street is to be paid for by the property owners this having been agreed to by the majority.

#### SOME HOLDING OUT.

The contract for the city's half of the work is so worded that the work at the crossings will not be done unless the property owner agrees to do their share. This would mean that if the owners of the property in any one block would refuse to stand their proportion of the total expense that block in the street will be left in its present deplorable condition. There are but a few of the property owners standing out against this work. It is said by the members of the works board that the owners of the St. Mark Hotel property are causing more delay than all of the other property owners combined. Providing they continue to refuse to pay a necessary proportion of the expense that block or at least the east side of the street adjacent to the hotel would be left unimproved.

 HOPE TO COMPLETE ALL.  
It is hoped by the board that the objections will finally be overcome with the result that the entire street may be improved from Seventh to Fourteenth street. Under the contract awarded to the

## REBEL LEADER GOMPERS DEEMS IT 'HONOR' NOT TO BE ROOSEVELT'S GUEST

Labor Officials Say They See Attempt to Divide Union Forces

DENVER Nov. 10.—Considerable comment was caused by that portion of the annual report of President Samuel Gompers, read to the convention of the American Federation of Labor yesterday afternoon in which Gompers said that President Roosevelt issued invitation to a number of labor leaders to meet with prominent lawyers and jurists at a dinner at the White House a week from today for the purpose of discussing labor legislation. President Roosevelt said the report of Gompers had excluded from the list of invited guests the office of the American Federation of Labor including its president.

Gompers in an interview on the subject, refused to discuss the question from a political standpoint but contented himself with a statement to the effect that he deemed himself honored by the exclusion and considered the President's act a tribute to his honesty. He said: "I am honored by the President when he excluded me from his guest list. It is a high tribute to the man in which I have represented the interests of the millions of workmen and women banded together in the Federation, both in the matter of pressing the administration for fair labor legislation and in the present campaign just ended."

"This is the first time that I have not been invited, but despite the fact that I have frequently been asked to meet the President and his friends socially I have never availed myself of such an invitation." "My dealings with the President have always been on a strictly business basis. I have frequently requested an audience with him regarding matters of importance to the Federation and its membership and have always been well received and treated

## Thought That Suicide Was Committed in Order Not to Have to Kill Portuguese King.

LISBON (Morris via the frontier) Nov. 9.—Alberto Costa, a former member of the Chamber of Deputies and one of the most prominent Republican leaders, committed suicide here today. His act has created a tremendous sensation.

Senator Costa was a member of the Dick Clegg Society, which was involved in the assassination of February of King Carlos and his son. It is believed that this society selected Costa to kill the present King Alfonso and that Costa preferred to kill himself to committing this deed.

 Ransome-Crummey company the work will cost as follows:  
Per square foot of regrading 2 1/2 cents  
Per lineal foot of granite curb \$1.58  
Per square foot of asphalt paving at crossings 20 1/2 cents  
Per square foot of black block guttering 47 cents  
TO RELIEVE CONGESTION.  
The cost of paving the street proper including the city's work contracted for will be in the neighborhood of a total of \$450 per front foot. It is hoped to have the work entirely completed before the heavy rains set in. With the improvement of the street much of the present congestion on Broadway will be relieved and Franklin street will eventually become one of the principal traffic bearing thoroughfares of the city.

## Suspeud Hanging of Murderer Wilkins

Mike A. Wilkins will not be hanged at San Quentin prison Friday for the murder of Venetia Carlin. Legally the appeal taken by Attorney Hugh W. Isaacs to the Supreme court. The notice of undertaking the appeal was served on Warden Hovle today by Attorney McJannet. Associate Justice of the Supreme court, H. A. Mohr, then he was judge of the Superior court in this county, sentenced Wilkins to be hanged on Nov. 11.

 FINE \$100  
SAN FRANCISCO Nov. 10.—J. L. Cleave, who is accused of embezzling \$31 from a local seed house, was fined \$100 by Judge Cook this morning with the alternative of five days in the county jail. It was reported to the court that the money had all been received by the company and for that reason no further action was shown.

## Crux of Taft's Tariff Policy.

Very clearly the President-elect announces himself as favoring an early revision of the tariff, but with equal clearness he emphasizes the necessity for revising it scientifically that inequalities may be corrected without destroying the protective principle. It is not tariff-smashing, but an equalization of duties that he stands for; not free trade, but freer trade under the policy of protecting American industry from destructive foreign competition.

This is the true policy of progressive Republicanism, which aims to encourage and extend the nation's foreign commerce without inflicting injury on domestic manufacturing, and to scale down tariff schedules which permit of exactions on home consumers while holding fast to the essential principle of protection. This policy will hold our markets open to fair competition, and enable us to extend our trade abroad without surrendering control of our own or breaking down the barrier behind which the high standard of American wages has been raised.

By reason of changed conditions which have decreased the cost of production in the United States, without lowering the wage scale, and which have increased productive cost in other countries, the duty on certain articles are absurdly out of proportion to the protection necessary to guard against destructive competition. In such cases, as Judge Taft says, it will be necessary to apply the pruning knife, to put an end to the anomaly of goods of American manufacture being sold for export at much lower prices than are charged in the home market. In other words, the plan is to protect the American consumer from unjust exaction while affording adequate protection to the American producer and wage-earner.

Also, it is necessary to lower the duties on certain kinds of raw materials that American manufacturers may be enabled to compete on fairer terms with foreign countries. This will stimulate American production without affecting the general policy of protection or the beneficial results achieved under it. The changes will be made under the supervision of men versed in commerce and manufacturing and not by politicians and theorists. Conditions will be the basis of the new schedules. Thus the tariff question will be removed from the domain of partisan and parochial politics and elevated to the sphere of practical statesmanship which seeks material results for the nation at large rather than party or local advantage.

## Local Electric Developments.

The development in electric railway construction plans in this section of the State is proceeding with kaleidoscopic rapidity these days. Undoubtedly these plans have been long considered, but they are now fast maturing. Oakland, Berkeley and Alameda constitute the prospective theater of activity. For several years past this populous and profitable field has been controlled by the Key Route and the Oakland Traction companies. But the signs of the times are that a strong and varied competition is about to be started. The Southern Pacific Company has partly revealed its plans through the franchises it recently obtained in Alameda and those for which it applied a week ago in Berkeley. The Traction Company is preparing to foist its position in the latter city, its agents being now at work soliciting the signatures of property-owners to petitions for new extensions to its system.

The Southern Pacific Company has not yet shown its hand in Oakland, which is the most profitable part of the field on this side of the bay. But gossip is rife, although lacking official confirmation, that it is planning the early development of an electric railway system whose ramifications will cover the whole territory now served exclusively by the Key Route and the Oakland Traction Company and which will anticipate such plans of local electric railway development as the managers of the Western Pacific Railroad Company may have in mind. It is altogether improbable that the latter corporation will rest contentedly on merely a through line to its ferry slips at the entrance to the harbor and neglect the local traffic tributary to it.

The Gould system has been actively developing a great electric power and transmission plant under the name of the Great Western Electric Power Company, whose main works are located on the Feather river with a supplementary works in this city. One of the latter is in course of construction on Fourth avenue. But the principal works here are planned to be erected on the east side of the north arm of the estuary at the foot of Fifth avenue. The Great Western is manifestly intended to supply the motive power for an extensive electric railway system operated by the Western Pacific, whatever other plans its projectors may entertain.

The last report regarding the control of the Great Western is, however, that it has passed from Gould to Harriman. It seems to be based on a rumor that the Great Western has contracted to supply the Southern Pacific Company with power for its electric lines. The report of the change of control should be taken with caution, however, for when Harriman some time ago came to Gould's financial relief to carry the Missouri Pacific over a critical stage in its career, a similar report was circulated regarding the control of the Western Pacific, which was later emphatically denounced as a canard which was given currency to affect the stock market. The present rumor about the Great Western may have the same purpose in view, as this enterprise, like that of the Western Pacific, was financed before work was started. But whatever interest may control this or any other great undertaking terminating on this side of the bay, the enormous benefit which will ensue to Oakland and its environs must be clearly manifest to the dullest comprehension.

The report made by Dr. Robert Olesen of the revenue cutter McCulloch, which has just returned to port from a twelve thousand-mile cruise among the Aleutian islands, that forty per cent of the natives of the archipelago are afflicted with tuberculosis and that the disease threatens to wipe out the race unless means are taken to avert it, is one of the sad commentaries of the effects of Christian civilization on the aborigines of this continent. Everywhere the white plague is ravaging the native races. But the most painful feature of Dr. Olesen's report is the spreading of tuberculosis among the Aleuts is due chiefly to an unsanitary religious ceremony of kissing the lips of the dead which the Russian Greek church, of which these aborigines are adherents, imposes upon them. The priests are said to be inexorable, however, in exacting the observance of this ceremony. If this be true, the Aleuts are evidently doomed to extinction through a religious practice which modern science condemns and which, in the name of humanity, should be abolished voluntarily by the Greek church, or, if necessary, involuntarily through the operation of law.

The cannonading heard semi-daily in the neighboring hills is an industrial salute marking the big advance which is being made in Oakland and its suburbs in the way of street improvements and concrete work in house and business block construction.

## The Passing of Ex-Senator Carmack.

The tragic death of former Senator Carmack was the logical result of his method in politics and journalism. A man of brilliant intellectual gifts and many admirable personal qualities, he was impetuous, censorious and arrogantly intolerant of opposition. His political career has been one long battle in which personal antipathies played as large a part as political conviction. He was frankly a fighting man, letting it be understood at all times that he was ready to make political quarrels personal issues to be arbitrated at the pistol's muzzle. He has long been at personal enmity with Duncan B. Cooper, publisher of the Nashville American. The enmity began with Carmack's campaign for Congress against Colonel Josiah Patterson of Memphis, father of the present governor of Tennessee. Carmack ran as an independent Democrat against Patterson, who was the regular Democratic nominee, and defeated him in a close race. A contest before the House resulted in the seating of Carmack.

During the entire controversy the Nashville American supported Patterson. Two years ago Malcom R. Patterson, son of Carmack's defeated antagonist, was a candidate for governor, and ex-Governor Bob Taylor was a candidate against Carmack for the Senate. Patterson and Taylor formed a combination which the Nashville American supported. They were elected. Ever since Carmack has been exceedingly bitter against Governor Patterson and the publisher of the American.

Last summer Carmack entered the lists as a candidate against Patterson, who was a candidate to succeed himself, and a bitter campaign followed. Again Carmack was defeated, which added fresh fuel to his ancient grudge.

Recently he moved to Nashville and accepted the editorship of the Tennessean, more apparently to get even with his political enemies than for any other reason. From that hour the paper teemed with bitter flings at Colonel Cooper, Governor Patterson and the leaders of the Democratic State organization. Carmack gave Bryan an enthusiastic support, but fought the Democratic local ticket, of which Governor Patterson was the head, with characteristic energy and bitterness.

Patterson was re-elected, but Carmack still kept up the war, using the prohibition issue as a pretext for assailing his old enemies. His flings grew bitterer and more personal till the feud culminated in the deadly affray in which Carmack was slain.

To be killed in a street brawl is a melancholy end for a man who held within him the seeds of great usefulness, but whose career, at one time so brilliant and promising, was marred by a vehement and aggressive temper which knew no restraint and brooked no opposition. He met the fate he had challenged all his life.

## Senator T. C. Platt's Successor.

Public interest is beginning to center in the prospective successor of United States Senator Thomas C. Platt of New York. Platt's term closes on March 4, 1909, and the Legislature will elect his successor in January. Platt is an impossible candidate to succeed himself. Aside from the weakening of his grip on the Republican leadership in New York State and the smirching of his reputation by the recent exposures of his private life in the courts, Platt has grown so old and feeble that he is virtually incapacitated from further service in the Senate. According to recent reports, there are two notable candidates for Platt's seat, namely, Whitelaw Reid, now ambassador at the court of St. James, and Secretary of State Elihu Root. In the gossip which has been current in Eastern political circles Root was slated to hold the position in Taft's cabinet which he now holds under Roosevelt. But a Washington dispatch now says that the Speaker of the New York Assembly and the State Republican national committeeman were present at a long conference held yesterday at the White House, at which the filling of Platt's place in the Senate was the subject of discussion. The President is reported to have favored Root and the latter is represented to be willing to accept if he is assured that his candidacy will not be opposed by any one in his own party. The New York Legislature being strongly Republican, the Senatorship is secure to whoever gets the majority vote in the party caucus.

But Whitelaw Reid has borne a grudge against Platt since the time he refused to favor his promotion from the Paris ambassadorship to London. Newspaper gossip credits him with covering Platt's seat as a means of revenging the old-time snub. Reid's natural obstinacy and implacable hatred of anyone who crosses his political ambitions will, in all probability, incline him to press his candidacy, notwithstanding the influences from the administration or any other source which may be brought to bear upon him to induce him to leave the field clear for Root. If he refuses to do so and Root adheres to the decision not to be a candidate unless unopposed, Reid's ambition may be gratified and Root will continue to hold his present portfolio under Taft.

Not long ago the Supreme Court of Illinois decided that the State could not constitutionally provide for separate schools for whites and blacks. Now comes the Federal Supreme Court with a decision laying down precisely the opposite doctrine. It is possible, however, that the decision of the Illinois Supreme Court was based upon the constitution of that State, in which case there would be no conflict between the two decisions. The United States Supreme Court decides that the States have power to provide for separate schools, but of course the exercise of such power must be conferred upon legislatures by the organic law of the several States. Perhaps the constitution of Illinois does not confer upon the Legislature of that State or local boards of education the power to establish and maintain separate schools for the two races.

It is worthy of note that Brownsville, Texas, gave Taft a good majority at the recent election.

## One of the Ends of High Finance.

The sentencing of C. W. Morse, the former ice king, to a term of fifteen years in prison for looting the National Bank of North America, of which he was a director and controlling owner, constitutes one of the most sensational episodes in modern "high finance," whether he serves it or not. The intricacies of the law are so complex that the sentence passed upon him may, of course, never be carried out. The machinery has already been set in motion to thwart the judgment and it may succeed. Anyway, the ends of justice will never be fully attained until his long arm reaches out for those who combined to bring about the downfall of the "ice king," wrecked his fortune and exposed his unlawful use of other people's money, and plunged the country at large into a period of unexampled depression from which it has not yet fully recovered, for they have all, in the public judgment been equally guilty of Morse's criminal practices and methods, and that on possibly a much larger scale. Meantime, however, the conviction and the judgment should serve as a wholesome lesson and warning to those who are wedded to the evils of high finance.

Editor Rowell of the Fresno Republican appears to be a prophet without honor in his own county. Fresno county gave Taft 1500 majority, but the Republican's pet candidate for the Assembly was beaten. So were two Republican candidates for Supervisor whose election would have given the Rowell paper the county printing. The Fresno Sunday Mirror says the beaten candidates owe their defeat to the support of the Republican which the Mirror says is a hoodoo in politics. The Rowell organ snarled at Judge McNeedham during the campaign, while it vociferously lauded Congressman Needham. By a coincidence Needham's majority was cut down about 2000, some of the cutting being done in Fresno county.

# SOCIETY MART

WEDDING OF  
MISS LAYMANCE  
AND LESLIE RICE  
AN EVENT OF  
THIS EVENING

ENGAGEMENT  
OF PRETTY  
EAST OAKLAND  
GIRL  
ANNOUNCED

There is a charm about a home wedding which is indescribable and it is enough to accommodate the friends whom she wishes to have at the most important day in her life. One of the happy occasions will be the wedding of Miss Lorraine Laymance and Leslie Rice, which will be solemnized at the beautiful Lorraine home on Fifth Avenue this evening.

The ceremony will be performed in the drawing room which the bride has been decorated until it is a veritable bower of white. The drawing room will be performed in to be in gold and white; an altar of white satin entwined with cloth of gold with overhanging canopy of yellow chrysanthemums has been arranged for the bridal party. The officiating clergyman, Mr. E. E. Baker, is to be served in the banquet hall at the top of the house, where covers will be laid for 150 guests. The ceiling of the room has been covered with bamboo and immense rustic baskets of yellow chrysanthemums hang from the low ceiling. The dining room on the main floor will have an artistic arrangement of grape vines from which are hanging the luscious fruit. The presents, which include articles of choice and rare, will be displayed in a large room on the second floor.

Miss Laymance will be attended by her sister, Mrs. Edward Hall Dodge, as matron of honor; Miss Vera Hamilton, of Pittsburgh, maid of honor; the Misses Grace and Hazel Laymance, bridesmaids, and Marjorie Walker will be the tiny little flower girl.

The gowns of the bridal party are said to be exquisite, the wedding gown being a Parisian creation, imported especially for the bride.

Miss Laymance's collection of engagement cups and canisters includes some of the choicest specimens of the potter's art.

Some original and beautiful plans are being made for the bridal party, which will make a most effective picture. The bride's table will be circular in shape and the place cards are to be day wreaths of real orange blossoms. At each place a white satin vanity bag with the monogram of the bride and groom couched in gold, will make a pretty souvenir of the occasion.

The wedding gift for the bride is a set of Mr. Rice.

The young people expect to build a home in Piedmont in the spring, and that time will make their home with the parents of the bride, Mr. and Mrs. M. J. Laymance.

MISS GLADYS KEMP.  
Whose Engagement is Announced.

The afternoon the pleasant announcement was made of her engagement to Mr. W. W. Kemp of East Oakland, and a gifted musician. She is the vice-president of the Prelo Club and a graduate of the Oakland High School.

Mr. Hunter is the son of B. W. Hunter of Berkeley and is associated in business with his father. He is a University graduate and a member of the Theta Delta Chi fraternity.

The wedding will be an event of the spring.

**SOCIETY VAUDEVILLE.**

The society vaudeville for which a number of the smart set are now rehearsing, will be given at the Macdonough Theater, on the afternoon and evening of Saturday, December 12. The proceeds will be given to benefit the Ladies' Relief Society of which Miss Matilda E. Brown is president. The young people are being coached by Frank Mathews, who is the dramatic coach for the Bohemian and Nite Club Jinks.

Among the well-known society folks who will participate in the vaudeville are Miss May Cooper, Mrs. Paul Dinsmore, Miss Mollie Mathews, Miss Charlotte Hall, Miss Elsie Everson, Miss Eleanor Parker, Joe Rosborough and Paul Parker.

**TAFT WILL LIKELY RETAIN SECRETARY—LOEB TO GO, IS BELIEF OF WISE ONES.**

**CORTELYOU MAY HEAD TREASURY**

WASHINGTON, Nov. 30.—Information reached Washington yesterday from a reliable source that Taft will retain Cortelyou as Secretary of the Treasury and that Loeb, now Secretary to the President, will not be in the next Cabinet. It is stated that strong pressure has been brought upon Taft by financial and business interests to retain Cortelyou at the head of the Treasury Department.

There has been some talk of Meyer, at present Postmaster General, being transferred to the Treasury portfolio by Taft, but it is stated that Meyer has no business interests and that he is not eligible for the place.

**BRADY TELLS WHY HE LEFT TRINITY PARISH**

TOLEDO, Ohio, Nov. 30.—Yours Townsend Brady made public last night his reason for resigning from Trinity parish. The reason is that he was politely asked to leave the vestry meeting last Easter because he objected to certain arguments that were somewhat heated. The ecclesiastical vestrymen, Brady says, informed him he was not the presiding officer of the vestry, as he supposed, and that he was present by courtesy only, whereupon he withdrew from the meeting. Investigating further, he learned that the parish was incorporated under the laws of Ohio and therefore the vestrymen elected their presiding officer.

**Georgia's State Chemist Praises Cottolene.**

Mr. J. H. McCandless, State Chemist of Georgia, before a recent gathering gave emphatic testimony to the high quality of Cottolene. He said:

"The sale of this product, and the proclamation that it is made from cotton seed oil, have done more to bring cotton seed oil truthfully and favorably before the public than anything else in recent history."

Mr. McCandless then pointed out why a pure refined vegetable oil base, such as is used in Cottolene, is the only assurance a woman has of a clean, digestible cooking product.

## AGED MAN FATALLY BEATEN AND ROBBED

Waylaid on Lonely Road Near Nevada City and Left Unconscious by Thugs.

NEVADA CITY, Nov. 30.—Fatally beaten and robbed, after being dragged into the bushes by the roadside near here, aged Angelo Oleve, lies at the point of death at the home of relatives in this city. The sheriff's office is working on the mystery, but, for the present, no clues which lead to suspicion against any particular person. Oleve was on his way home in the dark when he was waylaid near town, fearfully beaten about the head and robbed of considerable money. He was unconscious and brought here. He has not regained consciousness.

Death is expected at any time.

The entire community is aroused over the desperate attack and every effort is being made to trail the mysterious assailants who evidently knew the old man and his habits well. He had considerable money on his person when he lost this life. He was evidently followed and clubbed, after putting up a fight. Oleve has resided near here since the early sixties.

## PENS 'FAREWELL' NOTE; IS ALIVE

Man, Thought Drowned, Wires to Wife in South From San Francisco.

LOS ANGELES, Nov. 30.—Mrs. Raymond L. Caniff, who for three days has believed her husband to be dead, received a telegram from him last night from San Francisco.

On Saturday afternoon Caniff left a note at his home by which he was going to Long Beach and that his body would be found there. He went to the beach and after securing a bathing suit, was found by the surf men. He was found by the surf men and taken to the beach where he was found. He was found by the surf men and taken to the beach where he was found.

It seems, however, that he had carefully prepared for his disappearance and had donned other clothes somewhere on the beach after swimming ashore and went to San Francisco.

Friends and relatives were certain that he had been drowned in the water. They scouted the idea of suicide, although unable to account for the note. Relatives say there was news and family differences. He has been married only a little more than a year and the young couple has a baby seven weeks old. His financial difficulties are far as known.

## "DUNHAM" FACES MURDER CHARGE

Suspected Slayer Arraigned and Date of Examination Is Set.

SAN JOSE, Nov. 30.—Secretly, that the crowd of curiosity seekers might be avoided, William Thelma Dunham, suspected slayer, was arraigned yesterday afternoon and arraigned on a charge of murder sworn to by Deputy Sheriff Buffington. The warrant was issued by Judge J. W. Dunham, the father of the accused. The preliminary examination of the prisoner was set for Wednesday, at which time former acquaintances of Dunham will appear and testify as to the identity of the accused.

RENO, Nov. 30.—Awakened from his sleep by the Chinese porter in a Golden Gate Hotel, Harry J. Macmillan, learned early Sunday morning of the actress' marriage with Nat C. Goodwin, learned early Sunday morning of the actress' marriage with Nat C. Goodwin, learned early Sunday morning of the actress' marriage with Nat C. Goodwin.

Macmillan gained wealth from a rich actress, started to spend it like a prince, when he met her Goodwin. He confided to the newspaperman here that before going to visit her during the spring he bought a dozen fancy vests in the actress' wardrobe—Nat Goodwin had that—and when she learned that Harry was not so wealthy as reported, it is said, her affection for him waned. Macmillan, according to advice from the southern camp, worked all day yesterday in overalls.

### Opening Announcement

In making this our first announcement to the people of Alameda county we desire simply to outline our policy of advertising and our general facilities for handling orders entrusted to us for execution.

First--We will never run sensational, faked or misleading statements.

Second--We will always advertise dependable goods at prices as low as the cost of manufacture will permit.

Third--We will always be bound to the letter by every advertised statement.

Fourth--The profits in our line will not permit of 25 and 50 per cent discount sales and statements of this character will not appear.

Fifth--We devote 25,000 feet of floor space to Go-Carts, Baby Carriages and Hand Craft Furniture.

Sixth--We employ a large force of skilled mechanics and turn out a high class product.

Seventh--We make a line that is artistic, sanitary and durable and the only difference between the cheapest article on our floors and the highest priced, is simply the difference of material and labor costs.

Eighth--We have facilities for handling your business. We make and sell a Go-Cart or Baby Carriage every half hour of every working day in the year.

Ninth--Our guarantee goes with every article sold and we do not consider a sale complete unless satisfaction goes with the purchase.

Tenth--Quality is what counts and as we make everything we sell we are in position to guarantee it.

Eleventh--We make special designs of all kinds and dimensions to order and at prices as low as a dependable product can be produced.

Twelfth--We solicit a share of your patronage under the above conditions but will never sacrifice quality for the sake of producing the cheapest thing that can be made up.

## WOMAN MENAGES RICH DIVORCEE

Mrs. Genevieve Phipps, Former Wife of Millionaire, Has Narrow Escape.

DENVER, Nov. 30.—After hunting the residence of her intended victim for two days, and making effort to get into communication with her, an unidentified man, in company with Mrs. Genevieve Phipps, divorced wife of Lawrence Phipps, the Pittsburgh millionaire, with death unless she was given \$20,000 in money, was followed in her design by work of bank and city detectives. When she discovered that she was beaten the woman cast dynamite sticks intended for Mrs. Phipps at the detectives, but fortunately they fell against the up-leveled wall of an enclosed automobile which prevented them from exploding.

The woman was quickly placed under arrest and efforts are being made to find some clue to her identity. She persistently refused to give her name, but insists that she is under the influence of a hypnotist, and that this explains her attempt to blackmail Mrs. Phipps. The woman went about carrying out her plans with a determination evidently born of desperation. Ever since Saturday she had repeatedly telephoned the Phipps home and called there in an effort to have an audience with the well known society leader.

Through friends at Vicksburg, Crowley learned that Miss Oswalt was still single and after consulting her address, opened correspondence at Vicksburg. He began to write his future reposed at Hull and Crowley persuaded Miss Oswalt to fly in Chicago, to come west, and the wedding followed.

PHILADELPHIA, Nov. 10—The completed marital affairs of Dr. J. H. Carpenter, a West Side physician and Miss Herbert O. Chappin, 1642 Lexington avenue, his alleged affinity were revealed in Municipal Judge Newcomer's court when Mrs. Chappin was pleaded guilty on a charge of disorderly conduct preferred by the defendant wife. The testimony disclosed what is alleged to have been a plot between the defendant and her husband to defraud the defendant from their helpmeet so that they could marry.

Attorney John Reynolds became involved in the case, claiming that it was he who had filed the bill for divorce for Carpenter and also had filed a similar proceeding in Miss Chappin's name. He stated that Mrs. Chappin, the testimony of the two witnesses at the hearing was that he had tried to persuade Mrs. Carpenter to accept \$900 and allow her husband a divorce.

While her husband was with his own wife at first I believed that he told me that his wife was the doctor's daughter," said Chappin, and "he paid me money to keep an eye on her until she was a lady when I and I am sure that I have relations with her."

When I noticed the frequent visits of the doctor's wife to ride to play detective on after that I was so afraid I changed that had I not been so afraid that Mrs. Carpenter was my affinity. That was my affinity. That was my affinity."

When I found out what it was that the doctor's wife was to get out of the house to the home of Dr. Carpenter, I told my sister, Miss Jones, and she was found in a room in the house of Dr. Carpenter.

As running away with his own wife after Mrs. Carpenter had been ejected. Mrs. Chappin was living very comfortably in a small apartment and the doctor was still in the house. I did not know of the divorce and of Mrs. Carpenter's ejection until then I left the house immediately.

**TAKEN IN DOCTORS' HOME.**

Mrs. Chappin and the physician were taken in the doctor's home on witnesses sworn to by the latter's wife. They were charged with disorderly conduct and the physician was charged with the same. The physician was dismissed a week ago when Mrs. Carpenter filed her cross bill for divorce.

Attorney D. R. Thomas representing Mrs. Carpenter declines that he will take any action to be taken against Attorney Reynolds for his connection with the divorce. Chappin is planning to file a cross bill to his wife a suit.

## ATTEMPTS MURDER UNDER HYPNOTIC SPELL

## DYNAMITER MAY BE INSANE

WOMAN WHO TRIED TO KILL IS IDENTIFIED

Mrs. Phipps' Assailant in Denver Talks Incoherently and Acts as if She is Mentally Deranged.

DENVER, Colo., Nov. 10.—The woman who attempted yesterday to kill herself, Miss Helen Phipps, daughter of Mrs. Constance Chandler Phipps and two police men after the failure of her attempt to extort \$200,000 from Mrs. Phipps, was identified today as Mrs. Allen Reed, wife of a druggist of this city. Mrs. Reed returned recently from Springfield, Mass., whither she had gone to attend the funeral of her father, whose name has not yet been learned. She is believed to be insane.

The woman had registered at the American House last Friday as Mrs. H. E. Cones of Albany, N. Y., and to Mrs. Phipps represented herself to be a special writer for newspapers and at present collaborating with Joseph Medill Patterson in preparing a book on socialism and society.

ACTS INSANELY.  
Feigning insanity most cleverly or else temporarily deranged by the use of morphine and the result of illness, the strange woman tossed unceasingly on a cot in the matron's quarters of the city jail last night.

To Chief Armstrong and all others who talked with her she told an incoherent rambling, unsatisfactory story.  
"I don't know who I am," she said, "I came to Denver from somewhere in the East with Madame Leroy. She had a strange influence over me and said that she would help me. I met her on the train. I was once very ill and nearly died of brain fever, and became accustomed to the use of morphine."

"Madame Leroy made me Mrs. Cones by suggestion. She was going to cure me of that terrible morphine habit. I know that she told me to do things and that I started out to do them, but I don't remember what they were."

The woman professed ignorance of what she had done that caused her arrest. She had been visited at her home by another woman who has not yet been located.

TRIES SUICIDE.  
Taking advantage of Chief of Police Hamilton Armstrong's momentary absence from his private office, where he had been investigating her for some time today, Mrs. Reed made an attempt to end her life by swallowing a quantity of morphine. That she was not successful was due to the prompt action of Chief Armstrong, who knocked the tablets from her hand just as she was in the act of placing them in her mouth. About fifty tablets, containing enough morphine to kill six people, were scattered about in the room.

It is evident that when the chief left the room the woman drew the bottle, containing the drug, from her hand satchel, which was lying on the chief's desk.

Mrs. Reed is a member of the Trinity Methodist Episcopal Church of this city and has been highly respected. Her husband was at Buffalo Park, Colo., where the family had a summer cottage, while the woman was engaged in her efforts to extort money from Mrs. Phipps.

DENIES HER STORY.  
CHICAGO, Nov. 10.—Joseph Medill Patterson today denied the statement made by Mrs. Reed at Denver that she was collaborating with him in the preparation of a book.

"I never saw the woman," said Patterson, "and never heard of her until I read the newspaper this morning. I am not collaborating with her or any one else in writing anything."

RAW LUNGS.  
When the lungs are sore and inflamed, the germs of pneumonia and consumption are multiplied. Foley's Honey and Tar kills the cough germs, cures the most obstinate croup, cough, bronchitis and prevents serious results. The genuine is in the yellow package. Sold by all druggists.

Sister of Ex-Mayor Harrison of Chicago Terminates Notoriety by Getting Married.

CHICAGO, Nov. 10.—Mrs. Sophie Harrison Eastman, sister of former Mayor Carter H. Harrison of Chicago, who has received much unpleasant notoriety during the past few days on account of her arrest under an old statute at Asheville, N. C., is to be married on November 17, to Baker E. Edwards of Norfolk, Va., who is manager of her North Carolina estate.

Formal announcement of the wedding was made last night by William Preston Harrison, brother of Mrs. Eastman. Harrison said that he and his sister, Mrs. Eastman, were going to Asheville, N. C., the latter part of this week, where the wedding will take place, and where Mrs. Eastman is now living in a hotel.

## MUST SERVE A YEAR IN THE COUNTY JAIL

Convicted of Violently Assaulting a Gamekeeper for Talking With His Consort.

J. R. Neblus was sentenced to serve one year in the county jail this morning by Judge Harris for the assault he made on John Kelly, a gun club keeper. The jury which heard the testimony in the case yesterday came into court this morning with a verdict of guilty and no time was lost in sentencing the man.

Kelly said he was beaten by Neblus with a loaded horsewhip because he was caught talking with Addie Spaulding, Neblus' consort. It is said by the police that Miss Spaulding is the daughter of one of Oakland's early mayors.

## TO ENTERTAIN AT UNIQUE SOCIAL

Dancing and Musical Program to Be Feature of Interesting Affair.

The guards of Oakland Hive No. 14, L. O. T. M., have planned a unique surprise for Thursday night in the form of a "Looking back" social and dance, to be held in Maccabee Hall, corner Eleventh and Clay streets.

The recent minstrel show given by the guards proved such a success, their fame for entertaining has spread through Oakland's fraternal circles and a large attendance is expected to see the revelation of "looking back."

THOSE IN CHARGE.

Mrs. T. Rigney is in charge of the committee of arrangements, consisting of Mrs. H. Block, Mrs. M. Medau, Miss Maud Swift, Mrs. James Scott, Mrs. Guild and Mrs. Dover. In addition to the drill by the guards, the committee has arranged a good literary and musical program. An song those who will appear are:

Miss Ida Hittcock, vocalist; S. Knehl, violinist, accompanied by John Knehl, pianist; Gertrude and Arline Mahari; vocal solo, Mrs. Alice Kinsey; piano solo, Mrs. J. H. Swift.

A varied evening's program has been arranged to give enjoyment to both old and young, and dancing is promised to begin early.

MEMBERS OF GUARDS.

Members of the guards are Mrs. J. Rigney, Mrs. James Scott, Miss Della Kipke, Mrs. S. Walker, Miss Mae Hughes, Miss Maud Smith, Mrs. J. Milne, Miss Laura Kirkness, Mrs. E. Gibbs, Mrs. M. Medau, Mrs. W. Childs and Miss Bertha Kipke.

## JAPANESE BUDGET IS SOUNDEST IN HISTORY

Expenditures Are Decreased \$18,500,000, But Some Improvements Delayed.

TOKIO, Nov. 10.—A preliminary outline of the budget for the fiscal year 1909-10, issued today, fails to develop the exact amount of the appropriations for each department of the government, but among Japanese financiers it is considered the soundest apportionment of funds ever prepared for Japan. While the outline does not define exactly the proportion of military expenditures, postponed in accordance with the new policy, Premier Katsura has assured the Associated Press that the larger percentage of post-ponevements belong to the army and navy. Particular stress is laid upon the amount of the decrease in expenditures amounting to 37,000,000 yen (\$15,500,000).

Premier Katsura, in an address before the business men of Osaka tonight said that the reduction in national expenditures had fallen largely upon non-productive improvements and issues. He expressed a hope that careful economy would enable the government to lessen materially the period of postponement in the case of productive issues, including river and harbor improvements and the construction and extension of iron works. In this manner, he said, the development of national resources might more speedily be brought about.

In the forthcoming budget the appropriations for railways are placed in an account entirely separate.

## CANVASSING VOTES CAST AT ELECTION

Everything So Far Indicates That Original Returns Are Practically Correct.

The Board of Supervisors is busy again today canvassing election returns and it will not be until late tomorrow that the work will be completed. It will take until the end of the week to add up the votes on the canvass.

County Clerk John P. Cook, who is taking personal charge of the canvass, says everything is running along smoothly and he does not expect there will be hardly any difference in the totals when the final count is complete.

## YOUNG GIRL REIGN OF TERROR IN INDIA

HER BROTHER MAKES COMPLAINT TO POLICE

Couple Are Taken Into Custody in Seventeen-Year-Old Girl's Apartments and Loaded Gun Is Brought Into Story.

(Special to The Tribune.)

SAN FRANCISCO, Nov. 10.—Marie Peterson, a seventeen year old girl, recently employed as a saleswoman in Cerelli's candy store on Mission street, but whose parents live in Oakland, and Harry Goldstein, a salesman for a local loan office, are locked up in the city prison, as a result of a complaint lodged against them by George Peterson, the girl's brother, after an eventful night, in which Goldstein claims that Peterson lay in wait for him with a loaded revolver.

According to the story told by the young salesman, he has known Marie Peterson for about six months, and has been going with her for that time. He says that the parents objected to him and that last evening he went out to visit the girl in her apartments, 3307 Twentieth street. George Peterson happened to be also visiting his sister, but Goldstein claims that the brother kept out of his way, and he did not know of his presence until the girl told him that he was down stairs, waiting.

He says further, that he learned the men had a loaded revolver on the person and he therefore decided it advisable to remain in the house, and stayed until he was arrested by Policeman Furman, who was summoned by Peterson shortly after midnight.

## Two Old Soldiers End Their Lives

LOS ANGELES, Nov. 10.—Two old soldiers, veterans of the Civil War, committed suicide at the National Home at Sawtelle today. Samuel Wiggins, 70 years of age, a veteran of Company 1 of the Twenty-second New Hampshire Cavalry, severed the arteries in his wrists and bled to death. He was a patient in the tuberculosis ward. Francis M. Anderson, 69 years of age, a member of Company D, Twenty-second Iowa Infantry, took morphine and expired. He was afflicted with asthma.

## YOUNG GIRL REIGN OF TERROR IN INDIA

POLITICAL CRIMES INCREASE IN CALCUTTA

Murder Last Evening of a Government Detective Employed in Trailing Revolutionists—Police Powerless.

CALCUTTA, India, Nov. 10.—The city is terrorized by an outbreak of political crimes. The attempt made three days ago on the life of Sir Andrew H. L. Benger, the lieutenant-governor of Bengal, was followed by a murder last evening. A Bengal detective who had been active in trailing the revolutionists, was shot down on a crowded street by three men, who riddled his body with bullets.

The people fear to give information concerning the criminals, lest vengeance be visited upon them. The police are powerless.

One of the natives who was found guilty of murdering a man named Gossans last summer, was hanged today. Gossans was a native who turned state's evidence against a number of conspirators and was killed in a cell of the Alipore Jail by two fellow prisoners. All the police reserves of the city have been ordered on duty to prevent sympathetic demonstrations.

## TO THE PRESS AND PUBLIC

I take this means of heartily thanking THE TRIBUNE and my other friends for their warm support accorded me in my race for the office of Supervisor from the Fifth district. I appreciate that it was due to their efforts that I was returned a winner with a handsome majority.

COUNCILMAN JOHN MULLINS, Supervisor-elect.

## REHEARING IN CASE DENIED

COURT TURNS DOWN GOVERNMENT REQUEST

Standard Oil Company's Rebate Action Will Now Probably Be Taken Before Supreme Tribunal.

CHICAGO, Nov. 10.—The government's petition for a re-hearing of the case in which the United States Circuit Court of Appeals reversed the trial court in finding the Standard Oil company of Indiana \$29,240,000 for alleged rebating, was denied in the Court of Appeals today. It is authoritatively stated that the government will now attempt to bring the whole matter before the Supreme Court on a writ of certiorari.

The government, in its petition for a re-hearing, intimated that if the opinion of the judges of the appellate court—Grosscup, Seaman and Baker—was allowed to stand, it would nullify nearly every shred of rate regulation legislation accomplished by the Roosevelt administration.

SUMS UP CASE.  
In summing up its position, counsel for the government said that the opinion of the court of appeals, as it stood, erroneously stated material portions of the record, did injustice to the trial judge (Loud); left doubtful in a new trial, the rule of law to be applied both as to knowledge on the part of the shipper that he was accepting an illegally low rate; did not make it clear what was to constitute an offense—a trainload, a carload, or a whole series of shipments, which but one settlement of freight charges had been made.

It was further alleged that the language of the Appellate Judges appeared to be in conflict with the language of the supreme court and with language used by the presiding judge, Judge Grosscup, in a previous similar case.

The petition closed with a statement that if the opinion of the court of appeals was allowed to stand, it would tend to encourage disobedience to the law; to impede the enforcement of salutary statutes and largely to defeat their purpose.

## Postmaster Is to Lose His Position

WASHINGTON, Nov. 10.—The Postmaster General today announced that the President had decided to remove George M. Stewart, postmaster of Seattle, Wash., as the result of an investigation of charges that he solicited campaign contributions. The records of the Postoffice Department also show that the postal service at Seattle has been unsatisfactory.

## WHO WILL BE NEXT SPEAKER?

UNCLE JOE CANNON  
SAID TO BE IN LEAD

Opposition Suddenly Springs up in Several Places, But Friends of Incumbent Are Optimistic.

WASHINGTON, Nov. 10.—Following the arrival in the city of the Republican members of the Ways and Means Committee of the House for the tariff hearing and many other Republican Congressmen to attend to departmental business postponed until after election, the selection of the speaker of the Sixty-first Congress was a subject of keen discussion today in Washington. Note of the arrivals caused to come out openly in opposition to the re-election of Speaker Cannon while members who have been closely associated with Cannon during his occupancy of the chair assert positively that here will be no opposition to him by the time the Republicans meet to caucus on the speakership.

Cannon's friends claim to be greatly encouraged by the election. Not only did the speaker himself receive a handsome plurality in his district, where a bitter fight was waged against him, but they point out that many of the members who had announced their opposition to his re-election as speaker met with defeat at the polls.

The defeat of Representative Edgar C. Ellis of Kansas City, Mo., J. P. Boyd of Edmund, Pa., Edmund H. Edwards of Nebraska, after they had declared their opposition to the speaker, is taken by the speaker's friends as an indication that the people do not condemn Cannon. On the contrary, the three Missouri districts in which he campaigned most actively and where the Republican candidates announced their preference for Cannon for speaker, retired the Democratic Congressmen by electing Republicans.

### LIMIT TIMBER.

The election is regarded by Cannon's adherents as limiting the supplies of Speakership "timber." The defeat of Colonel W. P. Hepburn of Iowa, at the polls moves him from a contest for the high position, for the present at least. The election of William H. Taft to the White House is regarded by Cannon's friends as a barrier to any Ohio Congressman being selected to replace the House. In addition, Congressmen Theodore E. Burton and former Speaker Warren G. Harding, both of Ohio are said to have Senatorial ambitions that would interfere this winter with a campaign on their part for speaker.

Republican Floor Leader Sereno E. Payne of New York, who was mentioned for the speakership when Cannon was first elected to the chair, will support the speaker for re-election. For the present Payne is content to be chairman of the Ways and Means Committee and to give to the country a tariff bill bearing his name.

### REGARDED AS UNLIKELY.

Representative Dilzell of Pennsylvania is regarded as unlikely to permit his name to be used in opposition to the speaker, both because of his loyalty to Cannon, and because of his interest in the revision of the tariff, on which he is an expert.

Also mentioned for speakership honors is Representative Henry S. Bontelle of Illinois, but his personal admiration for the speaker is taken as certain to prevent his use of his name against his colleague.

The candidacy of Representative Charles N. Fowler of New Jersey for speaker is not taken seriously by Cannon's friends. They say that Fowler will do well to retain the chairmanship of the Committee on Banking and Currency, and that his course as chairman of that committee during the last session was such as would defeat him in a speakership contest.

### BARES HER TALE OF SHAME IN COURTROOM

SANTA BARBARA, Nov. 10.—Before a curious throng which crowded the courtroom to its capacity Mary M. Cavallero, accused of the murder of Walter Sprout, bare her soul last night to the jury in whose hands rests her fate.

Dispassionately she told of her relations with the man, his mistreatment of her, his unkept promises of marriage, leading to the shooting.

"The night before Walter was killed," she testified, "he came home bringing a revolver, pointed it at me and said he was going to kill me. I asked him to marry me, but he said he was going to marry a woman in Los Angeles.

### PLEADS FOR WEDDING.

"In the morning I again asked Walter to marry me. I will not marry a low down dog like you; am going to kill you," he said, and reached for his revolver in his trousers pocket.

"I do not remember what happened after that. I do not remember of shooting Walter or myself. I do not remember calling for assistance or being taken in the ambulance. The first thing I remembered was of being on the way to the hospital."

The defendant was unable to descend from the witness stand and was carried half fainting to a seat by her brother.

### CHINESE IMPORTERS PUT BOYCOT ON PORT

TSING TAO, Nov. 10.—The port of Tsing Tao has been practically boycotted by Chinese importers, who will also attempt a boycott against a railway which has inaugurated the Foreign-Chinese Transport Company, offering service to Chefoo and Wai-hsin. All shipments from Shanghai to Chefoo carry the full cargoes of foreign merchants. The people of Tsing Tao are calmly awaiting the end of the boycott, which they expect to collapse with a few weeks.

### WHISKEY FOR CONSUMPTION

The increased use of whiskey for consumption is causing considerable discussion among the medical fraternity. It is an almost infallible cure when mixed with certain other ingredients and taken properly. The following formula is declared by medical authorities, to be unequalled.

Take half pint of good whiskey with two ounces of olive oil and add one-half ounce concentrated pine compound. The bottle is to be well shaken each time and used in doses of a teaspoonful to a tablespoonful every four hours. Any good druggist can supply these ingredients and will make the mixture or it can be mixed at home.

The concentrated pine is a special pine product refined for medical use and comes in a half ounce bottle each enclosed in a tin screw-top case, which is air-tight to secure all the medicinal attributes of the pine. It is labeled "Concentrated" to get the genuine article.

## THIRTEEN SILVER CUPS FOR PIGEONS

Handsome Awards to Be Made by California Pigeon Club at Annual Exhibition.

The California Pigeon Club has a show hall at Twelfth and Harrison streets, in the heart of the business section of Oakland, for its annual exhibition, to be held December 10-13. The show room will be located on the ground floor and well lighted day and night.

The management of the club will see that the interests of each exhibitor are protected, and that special care will be given to the exhibition. To prevent handling of specimens, each coop will be locked with the Tilden seal, the seal to be removed only by the superintendent or his assistants.

### SILVER CUPS.

Thirteen handsome silver cups are to be awarded as follows:

1. For best display of utility pigeons to be decided on exhibit.
2. For best display of fancy varieties, to be decided on exhibit.
3. For best Carrier.
4. For best Pouter.
5. For best Tumbler.
6. For best Owl.
7. For best Rock.
8. For best Dragon.
9. For best King.
10. For best Maltese Hen.
11. For best Fantail.
12. For best pen of crosses.
13. For best pen of all.

### OFFICERS IN CHARGE.

C. H. Jennings has been selected to judge the utility varieties, and James White the fancy or toy pigeons. Percy Weeks will be superintendent. All persons are invited to exhibit, whether members of the club or not, and to compete for the prizes. The secretary's hands by December 2. The program list, containing rules and regulations, classification of birds, half-tones of pigeons and much other information, has been prepared and will be mailed to any person interested on application to the secretary, William T. Frost, 1670 Broadway, Oakland.

### REPORT OUT THAT MANY RAILWAYS WILL UNITE

CHICAGO, Nov. 10.—A dispatch to the Tribune from St. Louis, Mo., says:

Tentative negotiations for merging the Toledo, St. Louis & Western, Chicago & Alton, Minneapolis & St. Louis, Iowa Central and Missouri, Kansas & Texas railways, are said to be in progress. Although none of the higher officials of any of the roads will admit that a consolidation of these lines into one great system is planned, there appears to be foundation for the report, emanating from reliable sources, that it has been considered and is a probability.

## LOW VITALITY

A Dangerous Attendant Symptom of Anaemia.

Many Serious Disorders May Result from Impoverished Blood but Dr. Williams' Pink Pills Prevent and Cure Them.

Besides the thinning of the blood in anaemia there is a low vitality which is a matter for serious consideration because it gives opportunity for any latent trouble to develop. Anemic (bloodless) people often have reason to fear consumption, and the blood failing to give proper nourishment to the nerves, debility, neuralgia, and even some form of paralysis may result.

Mrs. R. L. Harrod of 413 South Ohio avenue, Muncie, Ind., recommends Dr. Williams' Pink Pills because they restored her to health when all other medicines failed. "After ten years' age," she says, "when I was living at Bellefontaine, Ohio, I was suffering with anaemia. I was pale and had a wax-like color and was so short of breath that I couldn't go up stairs without stopping to rest or couldn't stand the least little exertion. I was run down and very thin, didn't feel like eating and didn't want to talk to or see anyone. My heart would palpitate and I would feel weak. I couldn't sleep well, coughed constantly and had pains under my shoulders. I was so miserable that I wanted to die."

"The doctor told me that my blood was turning into water, and that I was going into a decline and asked me if there had been any consumption in my family. They didn't help me at all and I had read so much about Dr. Williams' Pink Pills that I decided to try a box of them. They helped me so much that I gave up all other medicine and planned my life to them alone. I took several boxes and a few weeks later I was completely restored to health. I became strong and healthy and was able to work again. I know Dr. Williams' Pink Pills saved my life and I heartily recommend them."

A helpful booklet, "Diseases of the Blood," giving more information about anaemia will be sent free upon request. If you are suffering from impoverished blood you cannot afford to wait another day before giving Dr. Williams' Pink Pills a thorough trial. They are for sale by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, New York.

## EDITOR IS KILLED BY AN AUTO

DAVID D. THOMPSON  
VICTIM OF ACCIDENT

Was Well Known as the Editor of the Northwestern Christian Advocate and a Distinguished Methodist.

ST. LOUIS, Nov. 10.—David Decamp Thompson, editor of the Northwestern Christian Advocate, died here this morning from the effects of an automobile accident last night in which he suffered a broken arm, several cuts and bruises and internal injuries. Death was due primarily to nervous shock, the age of the victim, 50 years, contributing to make his recovery impossible.

Dr. Thompson came to St. Louis from Evanston, Illinois, last Thursday to attend the meeting of the general committee for foreign missions of the Methodist Episcopal Church. The meeting was held in the Lindell Avenue Methodist Church and Dr. Thompson last evening had left his hotel to walk to the church.

The night was rainy and Dr. Thompson was carrying an umbrella. As he stepped from the curb on the north side of Lindell Boulevard the machine struck him. He was knocked down but not run over.

The driver of the machine was exonerated.

Winter blasts, causing pneumonia, pleurisy and consumption, will soon be here. Cure your cough, now, and strengthen your lungs with Foley's Honey and Tar. Do not risk starting the winter with weak lungs, when Foley's Honey and Tar will cure the most obstinate coughs and colds and prevent serious results. Sold by all druggists.

### CHURCH SUBDIVIDES YEAR'S MISSION FUND

ST. LOUIS, Nov. 10.—The general committee for foreign missions of the Methodist Episcopal church yesterday subdivided the mission fund of \$825,000 for the year 1909 among the various mission fields as follows:

China, \$357,500; Japan, \$58,300; Korea, \$12,600; India, 174,500; Malaya, \$21,300; Philippines, \$25,900; Liberia, \$16,275; East Central Africa, \$15,000; West Central Africa, \$14,201; South America, \$96,385; Mexico, \$65,900; Europe, \$125,416.

### HOW IS YOUR DIGESTION?

Mrs. Mary Bowditch of No. 1254 High street, San Francisco, recommends a remedy for stomach trouble. She says: "Gratitude for the wonderful effect of Electric Bitters in a case of acute indigestion, prompts this testimonial. I am fully convinced that for stomach and liver troubles Electric Bitters is the best remedy on the market today." ### YOUNG BRIDE TAKES POISON AND ENDS LIFE

CHICAGO, Nov. 10.—Miss Mary E. Fillingim, 23 years old, was found dead yesterday morning at her home at 611 N. Dearborn street.

Fillingim left her bride of at 10:30 a.m. to go to the office of her father, Mr. Fillingim, who was her step-father. He was found dead at his home at 10:30 a.m. and his wife stretched at his feet.

A human bottle was later in the day in one of the drawers and it was found that the young woman put

### FINED FOR CARRYING CONCEALED WEAPONS

CHICAGO, Nov. 10.—Patrick Crowe, who was alleged to have kidnapped Edward Cuddey, son of the Omaha millionaire, several years ago, pleaded guilty to a charge of carrying concealed weapons yesterday morning, and was fined \$25 and costs by Municipal Judge Blake in the Chicago avenue court.

Crowe became involved in a fight in a saloon Saturday night, and drew his revolver. He presented a battered appearance in court.

He was later in the evening tried to buy morphine.

Mrs. Verne Fillingim was 19 years old and was born in Linton, Ind., where she leaves a brother and three aunts.

## Do your glasses harmonize with your facial characteristics?

Did you ever meet any one who had a pair of glasses that they wore glass?

Do you know why it was you didn't see the glass?

It was because in expert fitted them to the features of the wearer.

There's a science in fitting glasses properly. It takes an expert to know the kind of a frame that best suits your features. Some people look better in rimless spectacles. Others appear better in nose glasses. Consequently if you must wear glasses it is best to wear the kind that harmonizes with your features.

A sloping, slanting pair of glasses never adds to any one's appearance, but a well adjusted, close snug fit-

ing pair often does improve the features.

Mr. C. L. Hogue, a member of our concern, is in charge of our Oakland store. Both he and his assistants are experts at fitting frames. They not only know how to test your eyes for lens accommodation (as any optician does), but go further by making a study of frame fitting.

If you want a pair of glasses that fits and harmonizes and really adds to your appearance, ask for Mr. Hogue or his assistant.

## KETCHEL OPENS TRAINING WITH LIVELY EXPERIENCE

Montana Fighter Has Narrow Escape With Automobile—Is Within Easy Distance of Weight—Reliance Card.

By EDDIE SMITH.

YESTERDAY afternoon at the training quarters of Stanley Ketchel all doubts as to his ability to make the weight for the coming contest with Billy Tapke were dispelled, for the middle weight jumped on to the scales after his gymnasium work, was weighed by the writer, and found to be within six pounds and a fraction of the weight he is to make. When the young warrior stepped on to the scales he had no idea that he was as light as he is, and he fully expected that he would be at least two pounds heavier, both he and Manager Joe O'Connor were greatly pleased with the weight, for when the beam registered a fraction over 164 pounds manager and fighter smiled with satisfaction on one another.

Yesterday was the first training day for Ketchel, and he did not work very hard, it being the judgment of his training staff that it would be unwise to work himself sore on the first day in the gymnasium. In the morning Stanley did road work or hill climbing, as he calls it, for about six miles, his climb being considered by Ketchel one of the best of his most important features in the training.

Within about a quarter of a mile of Miller's place there is a high hill, and this is where the important work is being done. The first time the fighter tries for the top is on a fast walk and tries to keep this up all the way to the top; the next day he runs about a quarter of the way up and from there on he gradually increases the distance until he is finally able to reach the summit on a trot, when this is accomplished then the fighter feels that he has perfected his wind, and the last few days of the training he concentrates on the climbing and does his work on the level roads. After this work he was treated to a rub down and after a short ride in his automobile the fighter settled down to his work in the gymnasium.

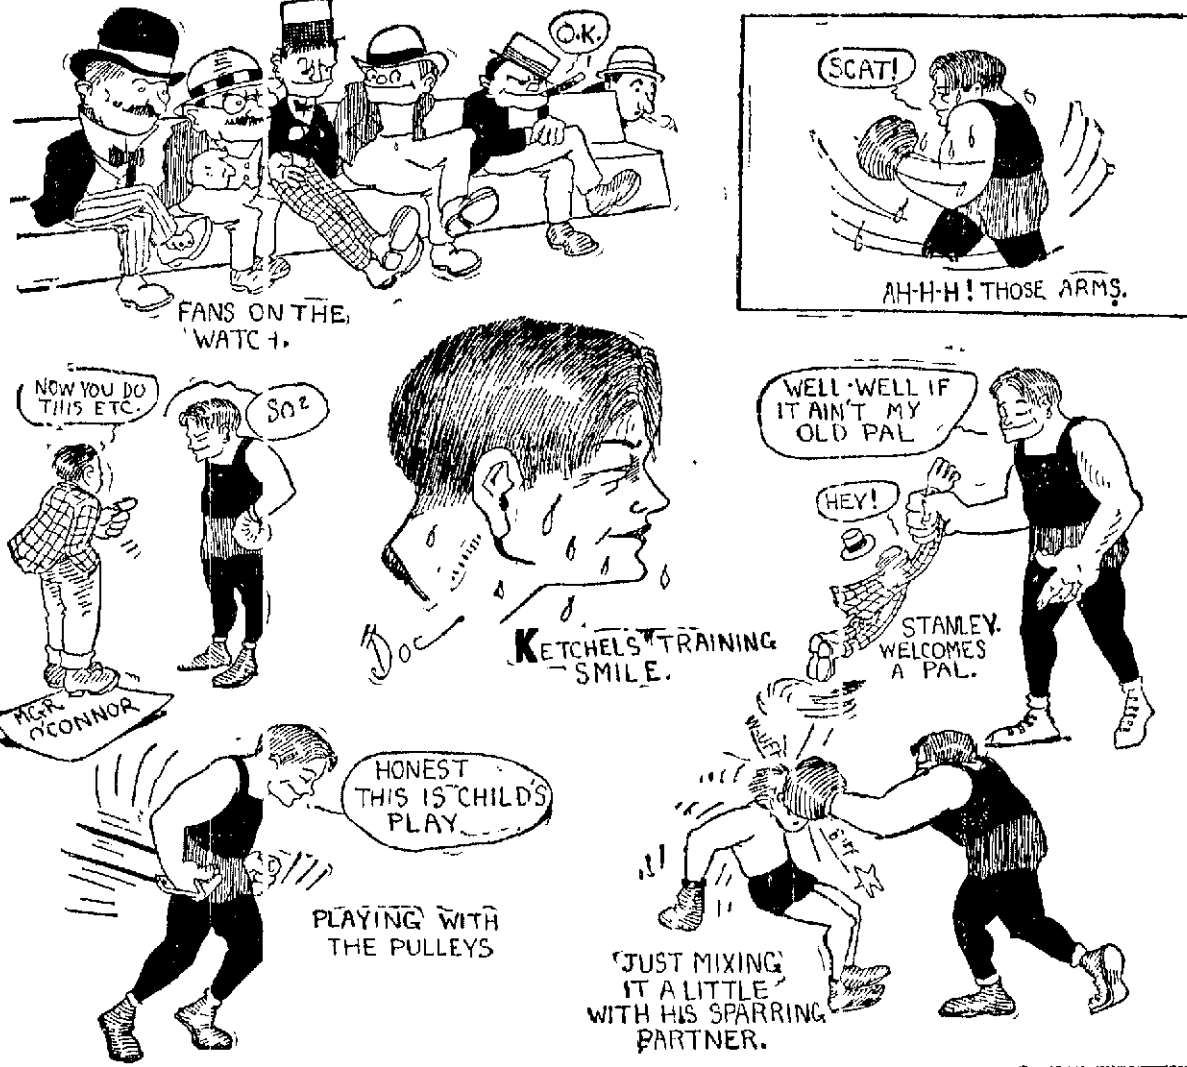

**WORK IN GYM.**  
This work consisted of fifteen minutes of handball, fifteen minutes of bag punching and three rounds with Charlie Mayer with the big gloves. The boxing stunt is the only one to the liking of the fighter and in this is displayed plenty of vim and dash, and after it was all over he announced that this was the only part of the training that he enjoyed. When Charlie Mayer pulled the gloves on his hands he did so with a smile and looked as pleased as a child with a new toy. You have no doubt seen in your time a ship clear the ways for a cruise with sails all set and the liner showing the greatest care, then a few weeks later see her sail into the harbor after a stormy trip to be battered about and all scarred up.

**BRIG ON A STORMY CRUISE.**  
What that was the impression that overcame me yesterday when I saw Mayer start on his sparring partner, cruise, for he looked as pleased with himself and although not a model of beauty he looked pretty good. His will be a stormy cruise, however, and within the next two weeks he will meet many a squall that will leave him as badly battered as the liner. In the boxing of the day neither man showed off to any great extent, both taking it easy and with the exception of the last round there was hardly a blow struck that was of the slightest value. After the work the Montana claimed he felt fine and that he was as confident as ever he was in all his life that he would be the winner of the coming fight.

**AUTO ACCIDENT AVERTED.**

By the merest of chance, however, the fight was perhaps saved for Glenason and the trip to the coast by Papke and his manager, Tom Jones, saved from going to waste. Ketchel has his big ring car with him at Colma and each day takes a short spin in it or down the road as the fancy may strike him. Yesterday he had just come in from a spin on the road and the few who had gathered at his training camp early in the afternoon began to examine the car. One of the parties present happened to be an expert on automobiles and with the experienced eye he quickly noticed that one of the push pins connecting the steering gear was almost out of its place. He called the attention of the driver to this fact and the driver turned the car around and repaired the defect. The pin was holding by no more than a sixteenth of an inch and how it withstood the bumps of the last mile or so of road is a miracle. How that pin came out he would have lost control of the steering gear, and what would have happened you can best imagine when you understand that he never runs slow either up or down hill. Pretty lucky for Mr. Ketchel, Mr. Glenason and Mr. Papke that that expert noticed the loosened bolt.

## VARSITY TEAMS TRAIN BEHIND CLOSED GATES

Behind locked gates two squads of football warriors are wearing the blue and gold of the Stanford University. The varsity team is in the gymnasium, perfecting their plays for the annual contest Saturday. One has a series of annual victories to its credit, with a stable line-up which has worked together the greater part of the season. That team is the Stanford Rugby team.

Out at California field Coach Taylor is having one of the most perplexing periods of his coaching career, a trying to select the strongest players from his big squad of good material. He has not a star in the squad, but an abundance of good, consistent players, who are striving for a position. The back field is uncertain, but the front rank is intact, and will probably remain so until just before the game. The work at Berkeley is mainly perfecting the plays that have already been tried. The unsatisfactory showing Saturday was to a large extent due to the failure of certain members of the team to know the signals and the plays, causing many mix-ups.

**FRONT RANKS VULNERABLE.**  
Stanford has but one vulnerable point in attacking which rests the destiny of the blue and gold team. That is the front rank. If the Stanford front rankers can get the back field to work, the back field will be overwhelmed. The exhibition in the scrums Saturday was not reassuring to the Beckley followers, that the team can push, he felt out with any degree of accuracy. Nevada far surpassed the blue and gold in that particular, sitting the ball to the back-

## Stockton Will Be Pillar for New Outlaw League

STOCKTON, Nov. 10.—Now that Stockton has declared the California league permanent for the fifth time, preparations are under way for organizing a team next year. Manager Morning is going to Oakland, and at a mass meeting made up of prominent business and professional men, county and city officials, ex-mayors and wealthy farmers last night it was unanimously decided to back outlaw baseball next season with \$10,000, and put the best team in Stockton that money can buy.

## Marathon Winner Will Meet Plucky Italian Runner

NEW YORK, Nov. 10.—Johnny Hayes, the hero of the Olympic marathon race, has signed a contract to meet Pietro Durando, the stout-hearted, little Italian runner, who was half-carried and half-pushed across the tips in front of the American, and was disqualified because of the assistance. The agreement which Hayes has signed calls for a practice run of the famous long distance race at Madison Square Gardens on Wednesday, November 11. The full distance of 26 miles and 385 yards will be run in company with his brother Neplano, on the Pacific. The latter is Pietro's manager.

## WOODCRAFT FIRST OF THE HILDRETH STARS TO WIN

Stewards of Latonia Track Rule Book-maker Bowman Off the Grounds for Irregularities, but Reinstate Jockey.

BY LEE DEMIER.

After the hubbub and excitement attendant upon the big opening on Saturday, the Latonia track stewards have been busy since then. The first of the Hildreth stars to win was Woodcraft, who was ridden by Billy Bowman. Bowman was off the grounds for irregularities, but was reinstated as a jockey.

Several horse men and bookmakers were present at the opening on Saturday and Sunday. The odds expressed their intention of making up their minds on next Saturday. The fourth race a mile dash, which was the feature of the day, was won by Woodcraft, who was ridden by Billy Bowman. Bowman was off the grounds for irregularities, but was reinstated as a jockey.

There should be a large gathering at Latonia today to witness the running of the Fieldwick Handicap. Another cracking good card confronts us today. Joe Goldenrod (Finger) is back in the game again. Owner and Trainer Billy Randall said yesterday that his horses that he campaigned on the Northern circuit will never be back to race in a few days.

Bookmaker Charley Myers is presiding over the Totipot Club. Mike Driscoll is back again at his old stand. He is standing the coin for Billy Langston.

Walter Gunnison cashed several bets during the afternoon. Bob Kennedy, a noted New York poolman, is making a book under the name of the New York Club. His brother, Jim, is writing sheet for him.

Expert Sheetwriter Vance Galloway is awaiting the arrival of Owner-Bookmaker Roy Oluf from the south.

Robert Davenport (Little Bob) mingled with the ground squalls yesterday.

Harry McCarthy (High Lad) said yesterday that he is not interested in any tipping bureau.

Turley Frank Hennessey is here from New York.

George Masters picked up a bet now and then during the afternoon.

Jack Crocker, who made a top-strike in the closing days of the Sausalito pool season, blew a nice bunch of coin to Fred Aust.

George Snyder is writing tickets for Bookmaker Johnny Coleman.

Bookmaker Billy Gray is on his way from Chicago. He will be here in time to take a hand in Saturday's cut-in.

Commissioner Orley, the man that places the bets, is here from J. W. Wals.

Frank Henry, brother of "Big" Bill Henry is coming to Latonia.

Turley Tomlin Maloney is here from St. Louis. He has made New Orleans his stamping grounds since his last appearance here about six years ago.

W. J. Blanken, a noted writer, is here to keep the Denver news wired up to what is doing in the racing game at Latonia.

Charley Commerford (Red), who made his appearance at the track yesterday, said that he came from St. Louis, but just stayed in the second city long enough to say "how-die-doo" to Kerry Patch.

Bookmaker Charley Lyman is here from the Middle West.

Bookmaker Fred Fisch took a crack at the track from the ground yesterday. He expects to cut in Wednesday.

And Devlin, who is known from the Atlantic to the Pacific, was here yesterday. He met with a mishap some time ago by being thrown from his horse, and was laid up in a hospital all summer. He is at present walking around with the aid of crutches.

Bookmaker Meyer Cohen is here with his crew from the Middle West.

Bookmaker Eddie Geins is here from the R. West.

"Take it from me," said Count Flatfoot, "the bush horse will get the longest all of the bacon from now on."

Jack Welch, the well-known San Francisco jockey, took a shy at the track yesterday.

"Razor" Pete said yesterday that he had blanket and a rubbing rag, and all he wants now is a horse.

The Percees, the son of Coby, the winner of the open race yesterday, was sold to A. B. Sprackles by Willie Hink. Hink said he is one of the best breeders in the world.

## GREAT SHAKE-UP IN THE YALE FOOTBALL RANKS

NEW HAVEN, Nov. 10.—With the annual game against the Princeton Tigers but four days off the greatest shakeup ever made in the Yale ranks was made yesterday, when seven out of eleven men were moved, and four retired from the ranks. The great Eastern game has become a football world, and the Yale team has been shifted to the position played by his brother, Sherman Coy, in the fall of 1907.

A B. Bridges, who has been playing right halfback, was put in as left tackle, Haines, who played halfback in the

**KEENE TRANSFERS STABLES TO ENGLAND.**  
NEW YORK, Nov. 10.—It is possible that John E. Keene will transfer his entire racing establishment to England to be managed by James Rowe the trainer. Keene is now thinking over the matter and will come to a decision this week contingent upon Mr. Rowe's consent to go abroad in Mr. Keene's interest. Business conditions in the United States make Mr. Rowe reluctant to leave this country, but should he do so Mr. Keene will probably ship all his horses and the Atlantic. Private trials of fourteen yearlings which Mr. Keene retained this country after his division of the stable between England and the United States, recently, is said to be the reason for his latest plan. The changes are said to be shown great promise.

## LOST GIRL IS FINALLY FOUND

JULIA KELLY GOES  
BACK TO HER HOME

Her Wanderings Since Her  
Disappearance Was Reported  
Are as Much a Mystery  
as Ever.

Although Miss Julia Kelly, who mysteriously disappeared from her home at 2207 Divisadero street, San Francisco, last Wednesday has been found and returned to her parents, her movements since the day of her disappearance cannot be followed.

Miss Kelly declares that she left home because she had been abused and upbraided for her inability to make her own living. The taunts, she says, finally drove her to desperation and with but \$1 in her purse she came to this city in search of work for a number of days. She visited different acquaintances here and finally decided to return to her parents.

Last evening Miss Kelly went to the telephone office to hold a conversation over the wire with her brother in San Francisco and was persuaded by the telephone company officials to go to police headquarters. There she was detained until the arrival of her brother from San Francisco. She finally consented to cross the bay with him but gave it to be understood that she might not remain at her home, as she could not bear to be haunted about her failure to be self-supporting.

## AHLSTEDT FAILS TO GET WRIT OF HABEAS CORPUS

SAN FRANCISCO, Nov. 10.—The effort of Gustave Ahlstedt to secure a writ of habeas corpus in connection with the charge of burglary placed against him in this city, has been balked by the fact that the testimony of the police court proceedings have not been written up, and the matter was continued today on that account. Ahlstedt will be remanded as having been held in Oakland, suspected of knowing something of the murder of Mrs. Donohue.

## CAME FROM RAGE OF GUN-FIGHTERS

Relative of Col. Cooper Pleads  
Hereditary Influence in  
Murder Case.

(Special to The Tribune)

SAN FRANCISCO, Nov. 10.—Using as his plea that his client was possessed with the same southern blood as Colonel Duncan B. Cooper, whose son, Robin Cooper, yesterday shot and killed former United States Senator Edward W. Carrack in a street duel at Newville, Tenn., the attorney for S. H. Taylor convicted of the murder of Jacob Grossman, which occurred last February, requested a lenient sentence this morning.

The proceedings were before Superior Judge Carroll Cook and Taylor who was formerly a cook employed at the Crocker tract on Mission road had been convicted of killing Jacob Grossman, the fireman who found fault with his manner of cooking eggs.

The jury returned a verdict some weeks ago of murder in the second degree and today was set for passing sentence. Taylor himself prayed for the leniency of the court and sobbed convulsively when he spoke of his crime. Judge Cook however took occasion to remark that after Grossman had fallen to the floor dead the defendant had pumped two further shots into him. It was then that the plea of the southern blood in Taylor's veins was made, but Judge Cook gave him the usual sentence of twenty years in San Quentin penitentiary.

SAN FRANCISCO, Nov. 10.—G. Hanneke, a native of Marshall Island in the South Seas, who was on his first cruise in the schooner Aolus, of which Captain Lennin is master, died on shipboard early this morning. Hanneke had felt the separation from his home ever since he started as a sailor on the vessel, and frequently expressed the hope that he might live to return again to his island home. The coroner took charge of the remains.

THE SISTER YELLEROM,  
At the Bell

## MYSTERY OF TANK IS YET UNSOLVED

Every One Has a Guess Com-  
ing on Fravlin, Who Heads  
Fine Bill at Bell Theater.

Fravlin has all guessing at the Bell Theater this week in his marvelous and mysterious exhibit. Bill is the man who defies death in its most horrible form. He enters a galvanised iron tank, six feet high, a huge tank which is filled with water and from which he escapes after being severely locked and sealed. The mystery is difficult to solve, but the spectator has the evidence of his own eyes as they see the tank slip down to a bathing suit of seven men enter the tank, see the water raised in until it overflows at the top, and the man he watches the water, from the audience as they watch the tank, and after a few seconds see him standing there, apparently none the worse than a thorough deaconess.

**BAND ARTISTS**  
Every illustration in his "Planodrome" renders a very satisfactory program of vocal and instrumental selections that are vigorously enced. Then there is another inside of that is a winner in the number of the "Sister Yellerom" who play banjos and other stringed instrument to perfection. The top of songs rendered by the duo to the accompaniment of the banjos are the high bit of which it and they are generous with recalls.

**TOPSY IS A DOG**  
Topsy is a dog and Topsy gives a song, dancing and singing. Topsy is one of them do for Topsy appears to be a very bright fellow who is all to the good with a variety of dog tricks that are absolutely new. Topsy is a dog who has been connected with one of the major circuses now touring the United States and is a member of the "Sister Yellerom" troupe. The side up a long rubber ball is performing a number of stunts that are most difficult with the apparent ease of the "Sister Yellerom" works on the floor.

**A FUNNY ACT**  
Noble & Brooks has a tremendously funny act. The actress and the jester that goes well introducing a number of funny acts, some of which are very novel and comical. They have some very popular entertainers. The "Sister Yellerom" troupe is a very fine one and the two are in the "Sister Yellerom" troupe.

## Optical Hypocrisy

Far-and-near glasses, made under the Kryptok rule are safe, comfortable and valuable eye-preservers. There are, however, imitations which destroy the vision. Reputable optical firms are advertising the Kryptok, and what they advertise they deliver. Reputable optical firms are advertising Kryptok but advertising an inferior optical hypocrisy upon the wearer. Protect your eyesight by your friend demanding a written guarantee that the glasses are Kryptok—or refuse to take them.
